OIL TESTS ARE SAID TO

garding tests by the Packard com-

'A year ago this company made an exhaustive test of motor oils. This test consisted in taking six new motors and using in each a carefully measured quantity of one of the six standard motor oils then on the mar-ket. The oils were carefully analyzed before they were placed in the motors. The motors were then started running under pressure equal to an average load and allowed to run for a period

flash and fire test and sealing quality, as Disc At the end of twelve hours the oil session was again analyzed and the motors at San Francisco or in the east, were torn down and examined for

Assistant Engineer Hunt says he is inclined to favor oil made of western asphalt base crude, rather than oil of eastern paraffine base crude."

TAX COMMISSION HEARING

The Tonopah & Tidewater railway has requested a hearing before the tax commission, regarding the assessment value of its property. The railroad will be represented by F. M. Jenifer and the hearing will take place in the near future. the near future.
Considerable activity is expected in

the commission during the next week as it is stated that a number of requests are to be made for hearings.
